

Effective 4/01/09 thru 6/30/09

LG is offering a special 2% discount for government, education and medical installations on commercial plasma, LCD TV, and LCD monitors (not valid on consumer, healthcare and hospitality models).

LG excels in offering innovative technological advancements for government, education, and medical installations with our award-winning LCD and Plasma displays. As a manufacturer, we know our displays inside and out, making LG a complete provider of service, support and technological refinements in response to your needs. You have access to our team of design and engineering experts with a thorough knowledge of our displays and accessories. Furthermore, we oversee quality control in our warehouses to help insure that the distribution and service of our products satisfy your standards.

LG's LCD and Plasma flat panel display high-definition televisions produce stunning life-like images. LG's LCDs and Plasmas come equipped with new power saving modes, dynamic contrast, a new invisible speaker system cabinet style, and an improved life span of approximately 100,000 hours for the plasma TVs. Built-in ATSC/NTSC/QAM Clear tuner provides the flexibility needed for analog, digital, or high definition viewing while a large range of multiple inputs make it easy to connect a personal PC, DVD/VCR player, and/or audio equipment.
